World Water Summit 17 Supporters

This year we are pleased to have **Procter & Gamble** as a significant supporter of the Calgary WASH Experience. Their support not only offsets some of the World Water Summit 17 costs, but also funds the WASH HUB and the programs of the WASH Rotary Action Group.

We also appreciate the ongoing support of **Business Connect.**

Learn at the WASH HUB

The WASH HUB was a huge success last year in Singapore, and will be a focus at the Calgary Convention. It is located in the House of Friendship in the center of the WASH cluster of organizations. This year, the WASH Rotary Action Group will be working with the Rotary Action Group for Menstrual Health & Hygiene to provide up to six 20-minute presentations a day on a variety of WASH-related topics.

The WASH Rotary Action Group is pleased to consider partnerships with any corporate supporter. Due to the unique attributes of water sources and water provision, accepting corporate support does not imply an endorsement of any particular water technology. Rotarians, Rotary Clubs, and Rotary partners must evaluate any technology to determine if it is the best solution for the conditions where the program will be implemented. The WASH Rotary Action Group can provide guidance about where different technologies work best, but Rotarians and Rotary clubs must decide how to implement their programs.

This Rotary Action Group is recognized and operates in accordance with Rotary International policy, but is not an agency of, or controlled by, Rotary International. To learn more please contact the WASH Rotary Action Group by email at info@wash-rag.org Thank you.
