Community Service: This month we are encouraging blood donation. Did you know? Three drops of blood have over a billion blood cells; the average human heart pumps 2,000 gallons of blood each day; blood cannot be manufactured; and one in three of us will need a blood transfusion. The number one reason donors give blood is because they want to help others. Please consider donating blood during the month of November to help save lives. Go to www.oneblood.org to find donation centers and mobile drives near you.

Raffle: 50/50 drawing with half of the proceeds being donated towards our Christmas Family
